Professional Summary

Computer Science student with specialization in Artificial Intelligence and Data Science (IBM). Enhancing myself to develop responsive, user-friendly scalable web and AI-driven applications with a focus on performance. Seeking internships or full-time roles in software development to leverage skills and contribute to innovative projects.

Education

CT University , BTech in Computer Science	2022 – 2026
• Percentage: 90 Coursework: Artificial Intelligence and Data Science	
Sri Chaitanya , Secondary Education	2020 – 2022
• Percentage: 89.3	
Amara Raja Vidyalayam - CBSE , High School Education	2008 – 2020
• GPA: 8.66	

Skills

Languages: Python, SQL (Data querying, automation scripts)

Data and reporting: Data Cleaning, EDA, KPI Reporting, Power BI Dashboards, Operational Analytics

Web Technologies: HTML, CSS, Tailwind CSS, Bootstrap, API Integration, Client-Server Architecture (Basic)

Tools and IDE: Github, VS Code, Power BI, CRM Systems, REST APIs (FastAPI), Web Scraping Tools

Soft Skills: Leadership, Team Work, Communication, Team Collaboration

Experience

AI/ML Intern (DevOps + AI) , Eidiko Systems Integrators– Hyderabad, TG	Jan 2026 - Present
• Gaining hands-on experience in Python, Machine Learning, and AI fundamentals, including data preprocessing, model building, and evaluation.	
• Worked on DevOps fundamentals including AWS services (EC2, S3, IAM) and basic cloud deployment concepts.	
AI/ML Intern , Eidiko Systems Integrators– Hyderabad, TG	Jun 2025 – Aug 2025
• Applied Python and SQL for data preprocessing, validation, and automation of repetitive analysis tasks.	
• Supported business intelligence reporting by generating structured insights from datasets	
• Learned and applied advanced Python programming for data analysis, automation, and algorithm development.	
AI/ML Intern , Infosys Springboard – Remote	Nov 2024 – Jan 2025
• Built a real-time AI Sales Intelligence and Sentiment-Driven Deal Negotiation Assistant.	
• Built analytical solutions using CRM data to support business reporting and performance tracking.	
• Developed structured summaries - post-call analytical reports and dashboards to assist stakeholders in understanding key metrics.	

Projects

Price Comparison Application	Dec 2025
• Developed a data-driven price comparison system to collect, clean, and analyze product pricing data from multiple e-commerce platforms.	
• Implemented web scraping, data preprocessing, and comparative analytics for real-time insights.	
• Tools Used: Python, React.js, Tailwind CSS, BeautifulSoup, Requests	

Operational Sales Performance Monitoring Dashboard	Oct 2025
• Built interactive Power BI dashboards to track revenue, profit, sales trends, and regional performance. • Used dashboards to monitor system-driven sales metrics and identify anomalies. • Tools Used:Power BI, SQL ,Excel	
Real Estate Price Prediction	Mar 2025
• Built a regression-based predictive analytics model to estimate house prices. • Performed EDA, feature selection, and model performance evaluation. • Evaluated model performance and presented insights using visual reports • Tools Used:Python,HTML,CSS,Regression Model Evaluation Techniques	
Real-time AI Sales Intelligence Assistant	Nov 2024-Jan 2025
• Developed a sentiment-driven analytics assistant using structured CRM data. • Extracted actionable insights related to customer behavior and sales performance. • Created KPI-focused analytical summaries to support decision-making. • Tools Used:Python,Fast API,CRM Database,NLTK,Recommendation Engine	
Multi-Agent System in Healthcare using Machine Learning Algorithms	Jun 2024-Jul 2024
• Developed a machine learning–based analytical system to enhance disease prediction accuracy. • Conducted data preprocessing, model training, and evaluation. • Tools Used:Python,ML Libraries and algorithms,Evaluation Metrics	

Certifications

Data Analysis with Python: IBM	Jul 2024
Python for Data Science: IBM	Jun 2024
Data Analytics and Visualization Simulation: Accenture North America	Jan 2024

Achievement

Appointed Disciplinary Head Girl for the entire school , recognized for leadership and organizational excellence.	Jun 2019-Jan 2020
